PRODUCT SAFETY DATA

PRODUCT:	AJAX All Purpose Cleaner (Industrial)
REFERENCE:	69 475 / 476 / 477 / 3.12.96
1. IDENTIFICATION OF THE PRODUCT AND OF THE COMPANY	
1.1 - PRODUCT IDENTIFICATION:	AJAX All Purpose Cleaner (Industrial)
1.2 - COMPANY IDENTIFICATION:	Colgate-Palmolive (UK) Ltd Guildford Business Park Guildford GU2 8JZ 01483 302222
2. COMPOSITION / INFORMATION ON INGREDIENTS	
This liquid all purpose cleaner contains:	
Ingredients	Concentration Range
Anionic Surfactants	Less than 5%
Nonionic Surfactants	Less than 5%
Soap	Less than 5%
Sodium Carbonate	Less than 5%
Sodium Bicarbonate	Less than 5%
Preservative	
Perfume	
Dyes	Not present in Outdoor Fresh variant
3. HAZARDS IDENTIFICATION	
This product is not dangerous under normal conditions of use. Some skin dryness / irritation may occur in case of prolonged exposure to the neat product. Discharge of large quantities into the aquatic environment without appropriate sewage treatment may be detrimental to aquatic organisms.	

4. FIRST AID MEASURES

- Eye contact:** Rinse thoroughly with water.
- Skin contact:** Rinse with water.
- Ingestion:** Do not induce vomiting. Seek medical advice.
- Inhalation:** Not liable to occur.

5. FIRE-FIGHTING MEASURES

Not flammable (this is an aqueous solution containing a substantial proportion of water). In case of major fire, plastic bottles may collapse or break due to pressure build-up and plastic softening or melting, thus releasing their liquid content; in this case harmful or irritant fumes (decomposition products) may be produced as with any organic materials. Avoid release of large spills into the aquatic environment.

6. ACCIDENTAL RELEASE MEASURES

Do not wash out large spills into the drain; contain and collect in non-metallic containers for subsequent handling by a specialist for appropriate treatment and disposal; use of an inert absorbent may be helpful. Use of gloves is recommended; goggles may be useful to avoid splashes in eyes. Wash off the minor quantities remaining on the floor with copious amounts of water into the drain.

Note: The neat product may render floors slippery.

7. HANDLING AND STORAGE

- 7.1 - **Handling:** No particular recommendations
- 7.2 - **Storage:** Keep out of excessive heat to avoid bottle bulging (and eventually leaks). Keep above freezing temperature.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

No particular recommendations.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: White opaque liquid (Outdoor Fresh variant)
Yellow liquid (Lemon variant)
Green liquid (Pine variant)

Odour: Floral - Outdoor Fresh
Lemon - Lemon
Pine - Pine

pH: 10.0 ± 0.2

Relative Density: 1.06

Solubility: Fully miscible in water

Viscosity: Thin liquid

10. STABILITY AND REACTIVITY

Stable under normal conditions. No hazardous reactions expected.

11. TOXICOLOGICAL INFORMATION

In case of accidental ingestion of a small quantity, transient gastro-intestinal effects / discomfort may occur but no acute harmful effects are anticipated.

Mild eye irritation may occur. Skin irritation may occur after prolonged or repeated contact with the product.

LD 50: > 2000 mg/kg body weight
(Based on the toxic contributions of the components)

12. ECOLOGICAL INFORMATION

Like all cleaning products, this product contains substances which can affect the aqueous environment. All the surfactants in this product are readily biodegradable. The product does not present a problem for the environment when used and disposed of under normal conditions. The preferred means of waste water disposal is through a municipal sewage treatment plant.

13. DISPOSAL

Large quantities should be handled by a specialist in the treatment of chemical wastes in accordance with local regulations.

14. TRANSPORT INFORMATION

No special instructions.

15. REGULATORY INFORMATION

This product is not classified as "Dangerous" according to the Directive 88/379/EEC on the classification, packaging and labelling of dangerous preparations.

The primary biodegradability of the surfactants present in the product is higher than 80% (in compliance with Directives 73/404/EEC and 73/405/EEC and amendments 82/242/EEC and 82/243/EEC).

This safety data sheet has been prepared in accordance with the directive 91/155/EEC.

It complements the indications present on the packaging. The information is based on the best knowledge of Colgate Palmolive at the time of issue of this SDS and is given in good faith.

However, since conditions of use and handling are out of control of Colgate Palmolive, the company disclaims any liability for loss or damage when the product is used for other purposes than is intended.
