

C17 Defence Sanitising Tablets

Introduction

Defence Sanitising Tablets are part of the Jeyes Professional range of products for use in kitchen and catering areas.

It is essential to maintain high standards of hygiene in any catering environment and usage of the correct products relevant to each task is of paramount importance.

When used as part of a regular cleaning programme, carried out by properly trained staff, Jeyes Professional products can help ensure standards are consistently high.

In addition to a wide range of chemicals for sanitising, the Jeyes Professional catering range also offers solutions for hand dishwashing, auto dishwashing, cleaning & degreasing, and bar hygiene, along with a selection of specialist kitchen cleaning products.

Your Jeyes Professional Sales Representative or the Customer Care team can offer advice on product usage and application.

Features & Benefits

- Kills germs including Salmonella, E.Coli and MRSA.
- Effervescent chlorine tablets produce a powerful sterilising solution.
- Safer alternative than liquid bleach.

Formulation

- Contains Sodium Dichloroisocyanurate.
- In solution pH 5.0 - 6.0

✓ Areas of Use

- Suitable for use on washable hard surfaces, drains, sinks, toilets, and for general disinfectant.
- Can also be used as a vegetable and salad wash.

Directions For Use

- Wear suitable gloves.
- Dissolve tablet in appropriate amount of water, as directed, to obtain chlorine solution.
- Ensure tablet is completely dissolved before use.
- For general disinfecting dissolve 1 tablet in 1 litre of water. Allow minimum contact time of 15 minutes.
- Always use a freshly prepared solution.

Health & Safety Precautions

- Harmful if swallowed.
- If swallowed seek medical advice immediately and show container label.
- Irritating to eyes and respiratory system.
- In case of contact with eyes or skin, rinse immediately with plenty of water and seek medical advice.
- After contact with skin wash immediately with plenty of water.
- In case of fire and/or explosion, do not breathe fumes.
- Keep container dry.
- Store in original container, tightly closed in a cool, dry place.
- Keep out of the reach of children.

Detailed health and safety information is provided on the product safety data sheet.
