

UB90 (999)

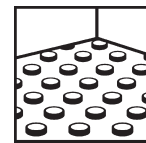

STRIPPER CONCENTRATE

- *Rapidly breaks up old polish*
- *No rinsing required - saves time*
- *Suitable for traditional or spray stripping*

A floor stripper concentrate designed for use through the Ultra Blend 4 and Ultra Dose systems.

The need for final rinsing and neutralisation is eliminated due to the caustic free formulation, which is low in alkalinity.

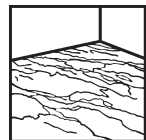

UB90 is recommended for the removal of metallised and non-metallised acrylic floor polishes by spray stripping, patch stripping or full polish removal from vinyl, rubber, terrazzo and marble floors.

Rubber

PVC/Vinyl

Marble

DIRECTIONS

Prepare a trigger spray or bucket of UB90 solution through the Ultra Blend 4 or the Ultra Dose system. Apply to the floor, agitate and remove slurry from the surface. Allow to dry thoroughly before applying polish.

UB90: WATER	20ml per 600ml trigger bottle or 60ml per 5 litre bucket
