SAFETY DATA SHEET

CHIP / EC FORMAT (91/155/EEC)

E675

LEATHER CONDITIONER

PRODUCT DESCRIPTION

Finishing treatment for cleaned leather upholstery, which replaces natural oils, restores suppleness and helps protect. Nourishes and lubricates with no greasy residue. Recommended for use after cleaning with Prochem Leather Cleaner.

- Compatible with Prochem Leather Cleaner
- Restores lustre and suppleness to leather
- Replaces natural oils

DIRECTIONS FOR USE

Shake well before using. Ready-to-use, do not dilute.

Recommended for pigmented smooth leather. Pre-inspect leather condition for cracking, stains, cuts or damage. Pre-test in an inconspicuous location for colour fastness, darkening or texture change. May slightly darken light coloured leathers. Not recommended for suede leather. Avoid application onto wood or other surfaces.

Clean leather thoroughly using Prochem Leather Cleaner.

Apply Leather Conditioner to a clean slightly damp towel. Spread evenly on leather, allow a few minutes to absorb.

Use a clean dry soft cloth to wipe off excess and buff to a smooth appearance.

Repeat conditioning process when needed to keep leather soft and supple.

Important - See Page 2 for Safety Data Information

Code	Unit	Case Qty

SAFETY DATA SHEET - Prochem E675 Leather Conditioner (Continued)

HAZARDS IDENTIFICATION

Eye Contact - Contact may cause eye irritation.

Skin Contact - Prolonged or repeated contact may cause irritation.

Inhalation - None expected.

Ingestion - May produce nausea and irritation.

Environment - No cumulative effects. Raw materials are biodegradable.

FIRST AID MEASURES

Eye Contact - Flush immediately with water for 10 minutes, then seek medical attention if irritation persists.

Skin Contact - Flush skin with plenty of water. Seek medical attention if any skin irritation persists.

Inhalation - None required.

Ingestion - Seek immediate medical attention. Do not induce vomiting. Do not give anything by mouth if patient is unconscious.

FIRE FIGHTING MEASURES

Extinguishing Media - Product is not flammable. Use water, carbon dioxide, dry powder extinguisher, or other media appropriate for materials actually involved in fire.

Fire/Explosion Hazards - No explosion hazard.

Decomposition Products - Exposure to fire may liberate carbon dioxide, carbon monoxide, water and other unidentified thermal decomposition products from this product or its packaging.

Special Protective Equipment - None required.

ACCIDENTAL RELEASE

Personal Protection - Protective clothing, rubber gloves, safety glasses.

Containment and Disposal - Large spills should be treated with dry absorbent and disposed at legal waste disposal site. Small spills can be flushed with water to sewage drain linked to waste treatment facility.

HANDLING AND STORAGE

Handling Precautions - Wear rubber gloves and safety glasses when handling.

Storage Precautions - Avoid extremes of temperature. Keep out of reach of children. Keep closed in original container.

EXPOSURE CONTROLS / PERSONAL PROTECTION

Eye Protection - Side shield safety glasses are recommended when using this product.

Protective Clothing - Standard work clothing and rubber gloves.

Respiratory Protection - Not required.

Ventilation - Normal air circulation.

Hygiene - Wash hands and clothing after use or spill. Do not eat or drink when handling.

STABILITY AND REACTIVITY

Stability - Stable

Conditions to Avoid - Extremes of temperature.

Incompatibility (Materials to Avoid) - Strong oxidising and/or reducing agents, strong bases, strong acids.

Hazardous Decomposition Products - Exposure to fire may liberate carbon dioxide, carbon monoxide, water and other unidentified thermal decomposition products from this product or its packaging.

Hazardous Polymerisation - Will not occur

TOXICOLOGICAL INFORMATION

Eye Contact - Contact with concentrate may produce moderate transient irritation.

Skin Contact - Prolonged or repeated contact may cause mild irritation.

Inhalation - No health effects expected.

Ingestion - May produce gastro-intestinal irritation and nausea.

Exposure Limits - None for raw material ingredients in this product.

ECOLOGICAL INFORMATION

The raw material ingredients in this product are biodegradable within the scope of current EC legislation and are considered to be of insignificant toxicity to aquatic and animal wildlife.

The major packaging materials of polyethylene and fibreboard are recyclable.

DISPOSAL CONSIDERATIONS

Waste cleaning effluent should be discharged to a sewage drain, which is linked to a local sewage and waste treatment facility. Empty containers should be rinsed with water then crushed and disposed of at legal waste disposal site. Large quantities of product for disposal should be consigned to a licensed haulier in accordance with UK and EC regulations.
