

RINSE AID

PREMIUM RINSE AID ADDITIVE

- Leaves a sparkling finish
- Prevents spots and hazing
- Suitable for all dish-washing machines

A premium quality rinse aid additive which prevent spots and hazing for a consistently sparkling finish.

USES

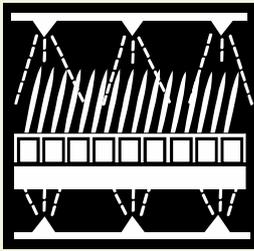

A thin, clear blue liquid, Rinse Aid is a blend of specialist surfactants and mild acids in a taint-free aqueous base.

Ideal to ensure a perfect finish on plates, crockery, cutlery, utensils, glassware, glasses and tumblers.

Suitable for automatic dish washing machines in all food and catering establishments, e.g. cafés, restaurants, hotel kitchens, canteens, etc.

DIRECTIONS

Feed into the machine through the automatic dosing system if one is fitted. Otherwise, add to the rinse cycle at a dilution rate of 1 part RINSE AID to 900 parts rinse water.

DILUTIONS

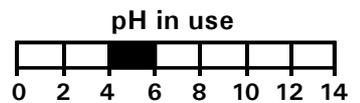

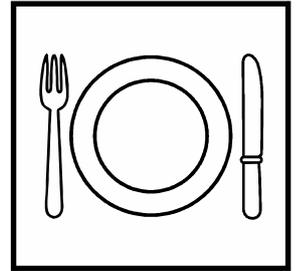

RINSE AID : WATER	1:900
