MICRO KILL

CERTIFIED VIRUCIDAL, BACTERICIDAL AND YEASTICIDAL CLEANER

Size: 5 Litres

Cleans and sanitizes all water washable surfaces including carpets, upholstery and soft furnishings, hard surfaces, walls, floors, toilets and washrooms. Micro Kill is bleach free and non-hazardous. This certified product passes BS EN1276, EN14476 and EN1650 and kills HIV, Hepatitis C, MRSA and Common food poisoning bacteria. A full test result certificate is available upon request.

Precautions for use

Test for colour fastness first. Observe the general safety regulations when handling chemicals. If swallowed, seek medical advice immediately and show this container or label. In case of contact with eyes or skin, rinse immediately with plenty of water.

Directions for use

Remove and absorb any excess spillages or contamination from areas needing treatment, and clean the area before sanitizing with Micro Kill. For killing HIV, Hepatitis C, MRSA or food poisoning bacteria, dilute 25ml per litre of water. For general sanitizing, dilute 50ml per litre of water. Spray, fog, mop or wipe onto areas to be disinfected and leave to air dry. If any cleaning is required, areas must be re-disinfected afterwards.

Classification

Danger. Causes skin irritation. Causes serious eye damage. Hazardous contents alcohol ethoxylate, tetrasodium ethylenediaminetetraacetate, alkyl(C12-16) dimethylbenzylammonium chloride. Regulation (EC) No 648/2004 contains non-ionic surfactants ≥ 5 - $<15\%$ and EDTA and salts thereof, preservation agents (alkyl (C12-6)dimethylbenzylammonium chloride) $<5\%$.
