

TAR & GLUE REMOVER

- FAST ACTING - SAVES TIME.
- WIDE SOLVENT POWER - ONE PRODUCT MANY USES.
- VERSATILE FORMULA - FOR PROFESSIONAL USE.

DESCRIPTION

TAR & GLUE REMOVER is based on a blend of solvents and is not water soluble.

USES

A thin liquid used for the removal of tar, bitumen and most solvent based glues and stains from surfaces that are not solvent sensitive.

Used for cleaning vehicle surfaces of road tar and bitumen.

Removes glue residue from any solvent resistant surface, i.e. glass windows, PVC doors/window frames

DIRECTIONS & DILUTIONS

Apply to the surface, allow to act for a moment, or agitate if required, and wipe away.

Apply by wetting strong paper or cloth with the product and then soaking the soiled surface.

Alternatively, decant into a solvent resistant trigger spray set on a coarse spray pattern and wet the soiled surface.

N.B. Only work on small areas at a time.

Avoid contact with skin.

Do not use near flame.

Do not smoke.

The product is classed as flammable.
