

ULTRAFRESH (808)

BACTERICIDAL TOILET AND WASHROOM CLEANER

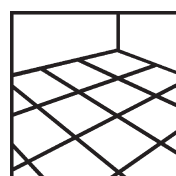

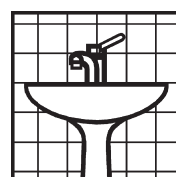

- **High impact pine fragrance - designed to last**
- **Thick formula - clings to surfaces for effective cleaning**
- **Safe on stainless steel**

A pH neutral toilet and washroom cleaner designed to clean, disinfect and create a very long lasting aroma.

A viscous, green liquid with a fresh, long-lasting fragrance, Ultrafresh consists of surfactants and emulsifiers to dissolve body fats and scum, and bactericides to ensure the effective neutralisation of odour at source.

Ultrafresh is safe to clean and freshen all washroom surfaces, including; sinks, taps, baths, walls, doors, floors, fittings and fixtures, toilets, bidets and urinals.

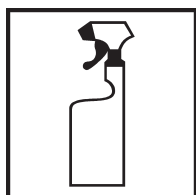

DIRECTIONS

TOILETS AND URINALS: Apply to toilet and urinal surfaces and leave to clean, freshen and kill bacteria. Work into the surface with a toilet brush where needed, then rinse away with water.

WASHROOM CLEANING: Ultrafresh can be used at a range of dilutions from neat up to 1 part Ultrafresh to 50 parts water. When using undiluted, simply clean the surface with Ultrafresh and rinse away.

When cleaning with a diluted solution, eg. floors, walls and work tops, clean over the surface removing as much liquid as possible to ensure the surface dries quickly and smear-free.
