### Introduction

Shades Professional Gel Air Fresheners are part of the Jeyes Professional Air Care range of products designed to freshen and fragrance in public areas.

It is essential to maintain high standards of hygiene in any public environment and usage of the correct products relevant to each task is of paramount importance.

When used as part of a regular cleaning programme, carried out by properly trained staff, Jeyes Professional products can help ensure standards are consistently high.

In addition to gel air fresheners, the Jeyes Professional Air Care range also includes air freshening solutions in aerosol and liquid trigger spray format along with stick-on air fresheners and an air freshening machine with premium fragrance refills.

Your Jeyes Professional Sales Representative or the Customer Care team can offer advice on product usage and application.
